The draw took place on Saturday 8th December, 26 runners-up received $100 each.

Modernising Club Membership

Following the signing of the Memorandum of Understanding "Building strong Communities" signed by ClubsNSW and NSW Liberals and Nationals at this year's ClubsNSW Conference, one of the many proposed changes to be considered is Modernising Club Membership.

"The traditional club sign-in process - with books and registers - can be seen as a cumbersome and time consuming barrier to entry for patrons. Some people may choose alternative venues with easier entry processes, while others enter misinformation into the sign-in register, which is frustrating and an offence which impacts on the club. With digital and smartphone technology, the way people choose to interact with one another, transact and access services is shifting markedly, and it is important that the industry responds and keeps pace with this shift. The MoU commits the government to working with ClubsNSW to modernise the club sign-in process using digital technology industry-wide."
