Food & Beverage Policy

At Maroubra Seals, we're proud to offer a wide range of fresh, high-quality and great value dining options across our venues – the Brasserie on Level 1, The Boardroom Bar, and the Main Bar. Our goal is to make sure everyone enjoys a safe, welcoming, and consistent experience when they visit.

To help us do this, we ask that no outside food or drinks (including adult water bottles, unless you're attending the fitness facilities) are brought into the Club. This allows us to meet strict food safety standards and keep our dining and bar services at their best.

Exceptions

We understand there are some situations where outside items may be needed. With approval from the Duty Manager, the following are allowed:

- **Babies & Toddlers:** Milk, formula, fruit-based drinks, and soft puréed baby food.
- **Special dietary needs:** Food for allergies or medical requirements that cannot be met by our menu (with prior approval).
- **Celebration cakes:** Whole cakes or cupcakes from a registered provider (not homemade). Please note that lollies, chips, grazing platters, or similar items are not permitted.

A Few Things to Remember

- Alcohol must only be purchased and consumed on the premises in line with our liquor licence.
- Cakes and approved items need to be handled in line with food safety requirements.
- Our staff are here to help – if you're unsure, just check with the Duty Manager before your visit.

We appreciate your understanding and cooperation in following this policy. It helps us provide a safe and enjoyable experience for all members and guests.
